

QUESTION OF RELIEF

Is Aired In House of Commons by Balfour Replying to Dillon.

SUFFERERS OF ENGLISH COLONIES.

Government Leader Intimates That English Subjects Will Be Given Preference In Distribution of Imperial Funds.

London, May 16.—Mr. Balfour in the house of commons referred to the opening of the relief fund at the mansion house, by the lord mayor, Sir Joseph Dimesdale, in behalf of the volcanic sufferers of the island of St. Vincent and said that Canada, Jamaica and the other West Indian islands had promised to help with money and goods "I have no doubt," he added, "that the other colonies will be equally generous. In addition the governor of the Windward Islands has been authorized to send whatever sums are necessary and the imperial government is prepared to supplement the contributions from other sources to whatever may be necessary. "As regards the island of Martinique, Lord Lansdowne, the foreign minister, May 12, had instructed his majesty's ambassador at Paris, Sir Edwin Monson, to say that it would give the government great pleasure to offer assistance in any manner most convenient to the sufferers from the calamity and to say that if England could help by the loan of doctors or the gift of medical comforts and provisions that we were prepared to act forthwith. The French government replied, accepting with gratitude, the offer of his majesty's government. From the nature of the case there must be a distinction between our own colonies and those of another power in the expenditure of money. But the government, as stated, is prepared to give comforts and provisions to sufferers at Martinique." John Dillon, Irish Nationalist, who first raised the question in the house Tuesday and suggested that the authorization to the governor of Windward Islands to spend money ought to be extended so as to provide for the relief of the Martinique sufferers, as he considered it would be most unfortunate if a distinction was made, tried to move an adjournment of the house on this point, but the motion was rejected.

Did Not Heed Warnings.

London, May 16.—The correspondent of the London Times at Paris supplies his paper with an account of the St. Pierre disaster telegraphed to him by a friend, from Fort de France, Martinique. It says: "For three weeks Pelee had been vomiting clouds of smoke but the smoke seemed so normal that it was permissible for even those who were inclined to look on the dark side not to dread a catastrophe. At Fort de France, where the agitation of Mont Pelee attracted as it went on much attention any anxiety which existed gradually died down, when, May 5, a violent eruption of mud, the hot ashes having been mingled with water in the crater, overwhelmed Guerins works, killing 23 persons, and the river in the north of the island, now swollen by a muddy torrent, slowly overflowed. On May 8, while there were still deliberations going on at Fort de France and St. Pierre, where the night was passed in anguish and ignorance, as to whether the eruption of mud was the precursor of or the end of the disaster, St. Pierre was within 10 minutes annihilated."

Only One Survivor.

New York, May 16.—Margaret Stokes, 9, who is one of the survivors of the steamship Roraima, which was destroyed at St. Pierre, is the only remaining member of a family of five that lived in Brooklyn up to a few months ago. The child's father was Clement Stokes, at one time a well-to-do merchant of Barbadoes, B. W. I. But for the last few years bookkeeper for a department store in Brooklyn. Stokes died recently and the widow decided to return to the home of a wealthy sister in Barbadoes. The widow packed her property and with a faithful colored nurse, Clara King, who had been in the family in Barbadoes, she started on the journey.

Message of Condolence.

Washington, May 16.—By direction of the president, Secretary Hay on May 12, sent the following cablegram to Ambassador Cheate, at London: "Express to the British government the sympathy of the president and the people of this country in the affliction which has befallen St. Vincent, and our desire to share in the work of aid and rescue."

Senator Hanna was much affected during his speech at the laying of the cornerstone for McKinley memorial college at Washington.

IMPRESSIVE CEREMONIES.

Dedication of a Fine Soldiers' Monument at Indianapolis.

Indianapolis May 16.—Impressive ceremonies and an assemblage of more than 50,000 people made notable the dedication of the Indiana state soldiers' and sailors' monument, the cornerstone of which was laid in 1889 in the presence of Benjamin Harrison and his cabinet. The monument stands 284½ feet high in the center of Monument Place, which is the heart of Indianapolis. The total cost of the monument was \$598,318.76. The shaft was designed by Bruno Schmitz of Berlin and is constructed of Indiana coltish limestone. The crowning figure is a bronze statue of Victory. The shaft is decorated by army and navy astragals in bronze and by large stone groups of Peace and War. The balcony, 228½ feet above the level, is reached by elevator and from it tourists from all over the world view the entire city of Indianapolis and miles of the country surrounding.

John W. Foster of Washington, D. C., former secretary of state, delivered the oration in which after dwelling on the history of Indiana, he said that every soldier who receives a pension should watch with jealous care that no deserter, no sulker, no unworthy camp follower, through the cunning of dishonest claim agents, should have the same badge of honor.

General Lew Wallace, author of Ben Hur, presided at the ceremonies and delivered a short address marked by simplicity and equality.

Gustavus Manzies of Mount Vernon, on the part of the board of control of the monument, delivered it to the state, and Governor W. T. Durbin made a speech of acceptance. James Whitcomb Riley read a poem written for the occasion entitled "The Soldier." There are eight stanzas of eight lines each, all of high poetic worth.

Ohio was represented by Governor Nash and staff, state officials and some prominent citizens.

To Prevent Civil War.

Port-au-Prince, Hayti, May 16.—A delegation headed by M. Salon Manos, a former minister of foreign affairs, and sent by the provisional government of Hayti, started for Cape Haytien on the steamer Mnnel, with the object of endeavoring to arrive at an agreement with the leaders of the revolutionary forces in the northern part of Hayti and prevent a civil war. It is generally believed here that the delegation will meet with success, as it is known that lack of funds is preventing the northern forces from marching on Port-au-Prince. Quiet has been entirely re-established here. All the administrative offices have been reopened. The correspondent here of a press association had an interview with the former President Sam on board the Olindo Rodriguez, which was detained here by the French minister, M. Dupres. General Sam said he had resigned his office with the conviction that he had done everything possible for the prosperity of Hayti adding that what affected him the most was the attitude of the presidential guard, which remained loyal to him up to the last moment.

Guilty of Murder.

Grand Rapids, Mich. May 16.—The superior court jury in the case of William Leet, charged with the murder of his wife, Nellie Leet, on Feb. 22 last, brought in a verdict of guilty of murder in the second degree. Mrs. Leet was found burned to death in her home. It was thought the affair was accidental until several days afterwards, when indications of foul play were discovered. As a result of the verdict of the coroner's jury, Leet and a woman named Mary Morse were placed in custody. The trial of the Morse woman is to follow. Mrs. Leet was apparently stunned by a blow and then kerosene was poured over her body and lighted.

Investigating Charges.

Chicago, May 16.—The interstate commerce commission, with Chairman Knapp and Commissioners Fifer and Prouty on the bench, began an investigation of the charges made by the Chicago Live Stock Exchange that railroads have been discriminating on live stock rates in favor of packers west of Chicago. Representatives of all the railroads centering in Chicago were present when the investigation began. In order to permit the railroads to readjust rates, the meeting was postponed till June 16.

Jackson, Miss. May 16.—The 42nd annual session of the Presbyterian church in the United States began its deliberations here. The assembly is composed of commissioners from 12 southern states, Alabama, Arkansas, Florida, Georgia, Kentucky, Mississippi, Missouri, North Carolina, South Carolina, Tennessee, Texas and Virginia, and was called to order by the Moderator, Dr. Neander M. Woods of Memphis.

DR. DOWIE'S DAUGHTER

Passes Away In Terrible Agony While "Elijah II" Prayed Over Her.

MEDICAL HELP WAS SUMMONED.

While Preparing Her Toilet the Young Lady's Hair Caught Fire From a Gas Jet, Resulting In Her Death.

Chicago, May 16.—Esther Dowie, daughter of "Dr." Alexander Dowie, proprietor of "Zion," died of burns, having suffered for hours without medical help, having suffered for hours while "Elijah II" prayed for her.

Miss Dowie was 25 years old and a student at the University of Chicago. Her hair caught fire from a gas jet and her head and face were horribly burn-

JOHN ALEXANDER DOWIE.

ed. Nurses placed salve on the patient's wounds, as the Dowie doctrine allows of the use of medicine externally. Meanwhile the "Divine healer" was hurrying to the bedside from his new city of Zion at Waukegon. Upon his arrival the attendants were excluded from the room and Dowie sunk to his knees in prayer. His supplication lasted all day. He refused to even take the nourishment which his followers would have pressed upon him. The patient was unconscious most of the time during the day. The patient died at 9 p. m. in great agony, having returned to consciousness a short time before. News of the death did not come out until the coroner was notified.

"Dr." Dowie was the first witness. He frequently broke down under his grief. He declared that his daughter's nightgown had been burned from her body and that vaseline had been rubbed on her by Deacon Spiecher's orders. Spiecher has a license to practice medicine. He declared that during the afternoon, the patient's condition had become very serious and that Dr. Campbell, a medical practitioner, had been sent for to consult with Dr. Spiecher. Campbell, the witness said had said there was little hope. Dowie declared that when Esther regained consciousness she asked him to pray for her. At no time, he said, had she asked for medical attendance. The jury then returned a verdict that the death was due to burns accidentally received.

Philadelphia Record Sold.

Philadelphia, May 16.—By order of the United States court of eastern Pennsylvania, James M. Beck, special master commissioner, sold at public auction 9,050 shares of the 10,000 shares of the Philadelphia Record Publishing company, par value \$100. William B. Stenger of Philadelphia bought the stock for \$2,300,000. Mr. Stenger is an attorney and was secretary of the commonwealth during Governor Pattison's first term. Mr. Stenger also bought \$470,000 of the issue of \$500,000 six per cent bonds of the Record company, paying \$654,000 therefor. When asked who he represented in the transaction, Mr. Stenger smilingly answered "Myself," and declined to say anything further. There was a large attendance at the sale, many newspaper owners from other cities being among those present. Wesley M. Oler of the Baltimore Herald, was Mr. Stenger's principal competitor. His last bid was \$2,295,000, and the stock was knocked down to Mr. Mr. Stenger at his bid of \$2,300,000. Adolph Ochs of the New York Times was also an active bidder, but he stopped at \$1,830,000.

CIRCUS TRAIN WRECKED.

Six Employees of Sells Brothers' Show Are Injured.

Harrisburg, Pa., May 16.—Six canvassmen were injured, three of them seriously in a wreck of the canvas and wagon train of Forepaugh & Sells Brothers' circus at Marysville, six miles west of this city. The injured were brought to the Harrisburg hospital in a gravel train and their wounds dressed, after which three of them left for York to join the circus. Those who are seriously injured are: Columbus Davis, colored, of Martin county, N. C.; Charles Berkeley, Louisville, Ky.; Harry Sheaver, Springfield, Mo. They are hurt internally. The others are cut and bruised about the head.

The accident was caused by the breaking of a truck under a car carrying a large canvass wagon on which the injured were sleeping. Two cars were wrecked, causing a delay of several hours in the movement of the train. Two sections carrying the performers and animals were behind the section which was wrecked.

Leavitt's Testimony.

Washington, May 16.—Haywood S. Leavitt of Nebraska continued his testimony before the senate Cuban relations committee. He said if the sugar trust did not receive all the benefits of the proposed concessions to Cuba, it would be because the trust would make a present of the concession to the planters. He referred to the action of the trust in reducing the price of sugar in Missouri river points and said it was done for the purpose of destroying the beet sugar companies. Mr. Leavitt said that Francis R. Thurber of New York, who had given testimony before the committee was a paid employe of the trust; that he was employed by the war department to gather statistics, but discharged on account of his bias in favor of the trust. A letter written by Sir William C. Van Horne of the Cuba company was presented. It showed that this company had acquired 150,000 acres of land and gave a general statement of the conditions in the island.

To Prosecute Frauds.

New York, May 16.—A plan which has long been contemplated by the National Association of Creditmen, the establishment of a bureau for investigating fraudulent failures and prosecuting those deemed to be guilty of such practices, is about to be realized. A trust fund of \$10,000 necessary to start the bureau practically has been subscribed and this new department of the association which will be national in scope undoubtedly, will be opened in the near future. If the headquarters of the National association continue in this city, it is quite likely that the bureau also will be located here.

Want More Wages.

Hazleton, Pa., May 16.—The stripping employes of Cuyler Brothers who operate the Lehigh Valley Coal company strippings, made demands upon the steam shovel owners for an increase in wages. The engineers ask for an increase of from \$100 to \$125 per month; the crane men from \$60 to \$90 and the firemen from \$45 to \$50. Besides this the men also ask for an eight, instead of a 10-hour day. Cuyler Brothers employ 4,500 men. They say they will go out of business before they will accede to the demands of the men.

McDonnell Mentioned.

Rome, May 16.—There are persistent reports at the Vatican that Bishop Charles McDonnell of Brooklyn, is likely to be the successor of the late Archbishop Corrigan, of the archdiocese of New York. Nothing, however, has been decided pending the receipt of the names of three candidates whom the clergy of the archdiocese will select and from which the archbishop will be chosen.

In Tow of American Detective.

Quebec, May 16.—Colonel John F. Gaynor and Captain B. B. Greene, who came to Canada from Savannah during their trial there for alleged complicity in frauds against the government, were smuggled out of Quebec by an American detective. Mr. Gaynor secured detectives to pursue them.

New York, May 16.—The 114th general assembly of the Presbyterian church was opened in the Fifth Avenue Presbyterian church, this city. The sessions will continue for 15 days. The most important business to come before the assembly is the report of the committee on the revision of the confession of faith. This report will probably be debated on May 23. Rev. Dr. H. C. Minton of San Francisco, the moderator, delivered a sermon on "The Enduring Mission of Presbyterianism."

Union Depot For Washington.

Washington, May 15.—The senate passed the bill for a union station in Washington, by a vote of 45 to 24.

ALL FACTS SUBMITTED

To the Delegates at Miners' Convention by President Mitchell.

STRIKE SENTIMENT STILL STRONG.

Hope Exists That the National President Will Suggest a Plan That Will Help the Men Out of Difficulty.

Hazleton, Pa., May 16.—The convention of anthracite mine workers called to decide the matter of making permanent the present suspension of work in the hard coal field, resumed its session in the opera house.

The question was not reached at former sessions owing to the inability of the credentials committee to complete its work. The committee made its final report and after a few unimportant matters had been disposed of the question of the hour was introduced by President Mitchell. This was in the form of an exhaustive report of his negotiations with the Civic Federation and the presidents of the coal companies.

The same impenetrable veil of secrecy surrounds the proceedings of the convention and no forecast of the result can be made with any degree of accuracy. The belief, born with the interview with President Mitchell that he has a definite plan that will help the miners in their fight is stronger than ever and many of the delegates hope that the national president will be able to lead them out of the difficulty. The strike sentiment is still strong.

Those who advocate a permanent suspension if no concessions are granted by the operators, are continuing their campaign of trying to win votes for a strike. One of them said: "We must work out our own salvation. It is strike now or never. We have delayed it long enough and we cannot now turn back."

It was reported that President Fahay of District No. 9, who was said to be against a strike, has finally decided to stop pleading for peace and let the miners do as they please. President Fahay's position, it is said, has met with considerable opposition in his district.

President Mitchell reiterated that he would advise the miners what course to pursue when the proper time comes. He declined to indicate whether this advice would be in the nature of a well laid plan, saying that he would not like to give his ideas to the newspapers in advance of their presentation to the convention. Many opinions can be had regarding the nature of Mr. Mitchell's course.

The leaders are not talking, but the delegates who have not yet been taken into the confidence of the mine workers are profuse in opinions. There is a rumor afloat that President Mitchell is trying to delay action in the hope that something may come from the other side. This Mr. Mitchell denies, and says that all negotiations with the mine operators are off. He hopes that the convention will come to a final decision.

Conferred With Mitchell.

Hazleton, Pa., May 16.—John C. Haddock, president of the Plymouth Coal company, which operates two independent collieries and employs 1,000 men, had a talk with President Mitchell at noon. Neither gentleman would say anything regarding the conference. Mr. Haddock came here, it is said, for the purpose of asking the Mine Workers not to withdraw the engineers, firemen and pump runners from the company's collieries, as the firm does not want any disaster in its mines during the present suspension of work. Mr. Haddock, it is understood, is disposed to grant some of the demands of the men, but his company's hands are tied because independent operators cannot do anything without the sanction of the carrying roads. Mr. Haddock advocates a compromise.

Traffic Suspended.

Stockholm, Sweden, May 16.—The general strike decreed by the Social Democratic party in support of the suffrage bill, the debate on which begins in parliament was carried out as arranged and the tie-up of business has been practically complete. Traffic, generally, is suspended. The street cars, cabs, vans, cart and steamers are not running and no work is going on in any of the factories or shops. The printers have also joined the strike, which will last throughout the parliamentary debate.

WERE Hanna to bring to bear his peculiar talents and ability toward Taylor at Indiana he might be of great service to that gentleman.

THERE's nothing like having friends high up in power and influence when a fellow gets in a tight squeeze, as witness the case of Rathbone and his friend Senator Hanna. "A friend in need is a friend indeed."

THE Continental Tobacco Company has made an increase of 10 per cent. in the wages of 35,000 employees because of the recent advance in the cost of living. The increase, which was voluntary, applies only to employees below the rank of foreman. The employees of this big combine are more fortunate than the average workman. But if the Continental wanted to cover the increased cost of living brought about by the manipulations of the various trusts it should have made the increase much larger.

IN order that we might keep our pledges and do our "plain duty" to Cuba the aid of the Democratic party in Congress had to be at last called in, observes the Georgetown News-Democrat. This however with the Republican bolters was sufficient to override the Speaker and a little clique which sits at the gates of Congress and permit nothing to pass that has not their sanction. For the first time this year, and for several years for that matter, the Democrats presented a solid front, and this with the aid of thirty-three Republican votes was enough to do the work.

Attention is called to the announcement of Haywood Seminary in this issue. This splendid institution affords an excellent place in which to educate your daughters without sending them out from home care and influences. The school has a most enviable record, and is an institution of which Maysville should be proud.

There's confusion in some one's corn crib, chicken house or smoke house in the county almost every night these "good times."

SUN UMBRELLAS!

Even the bravest sun-defying women must soon seek the shelter of parasols. The broadest demand is for something to carry when shirtwaists are worn, as morning is the outing time in hot weather. For this we have a special line of Sun Umbrellas made of black carola silk with stylish pearl handles trimmed in German silver. You would consider them a satisfying value at \$1.75, but our price is **ONLY \$1.39.**

A NEW SUPPLY

Of Washable Kid Gloves for \$1.75. Their laundering qualities are not experimental—we have had a pair worn and washed several times "to make assurance doubly sure," and therefore recommend them as facts. The price is very little when you consider the satisfaction of washing Kid Gloves as you do your hands. No dangerous use of gasoline, no offensive odor, a little soap and you convert soiled gloves into new ones.

TURKISH TOWELS.

The best part of a bath is the rubdown after it and for that the Turkish Towel leads. Warm weather increases their usefulness, so to-day some big satisfying sorts to mention. Good quality, bleached or unbleached, 22x40 inches, 15c. Extra heavy, full bleached or unbleached, 25x54 inches, 25c.

AT BLUE LICK SPRINGS.

Mayslick's Graded School Closed Another Successful Year With an Outing at Famous Resort.

The Mayslick graded school closed another successful year's work last Friday by giving the pupils an "outing" to Blue Lick Springs. Mr. Mike Slattery, with good team and big 'bus, carried thirty happy girls and boys, who, in patriotic songs, with flags in hand, waved "good cheer" to all the inhabitants 'long that picturesque country to historic Blue Licks.

Though this famous resort has lost part of its past glory in the failing of the old spring, yet there is the very same potent water in copious flow just over the river—a kind providence indeed to the thirsty lover of real Blue Lick that this rich vein of mineral life was not wholly lost in Licking. Much verdant beauty has been marred in culling and cutting choice cedar for fence and message posts, yet there remains enough to keep "ever green" in heart and history that tragic pioneer struggle for supremacy with the Red Man, Aug. 19, 1782. Blue Lick Springs should have been a State park years ago, kept and cherished with State pride to the memory of fallen heroes. Where buried? No one can tell. Those brave, sturdy, homeseeking fathers, husbands, sons, brothers of weird women's hearts, there they sleep unseparated—the first price of "Kentucky Home" which we now love and enjoy so much. The very air, water and scenic surroundings of Blue Lick Springs are inspiring and refreshing.

A number of friends joined the school in their outing. The hotel was open to all. At noon a dainty basket luncheon was served in the pavilion to every heart's content. The afternoon was spent gayly tramping and boating. This, the fifth annual outing given the school, chaperoned by Prof. W. R. Chandler, Miss Mayme Yancey and careful friends, will have its future memory "of happy school days."

A Valuable Herd of Shorthorns.

KANSAS CITY, Mo., May 14.—When C. C. Bigler & Sons, of Hartswick, Iowa, paid \$15,000 to-day for Merry Hampton, the highest priced bull in the world changed hands. Merry Hampton was owned by C. W. Dustin, of Summer Hill, Ill., and is said by competent judges to be the greatest shorthorn bull in America. The sale took place in Kansas City to-day just before the opening of the Clay shorthorn auction.

Bigler also purchased the balance of the Dustin herd, numbering thirty-eight head, besides seven calves. The purchase price paid for the herd, all but four of which are of pure Scotch breeding, was \$30,000. Delivery will be made June 20th.

Mr. James Outten, while handling a rifle Wednesday, accidentally shot himself in the foot. The wound is not serious.

The preliminary hearing of the charge against Mathew Haggerty closed Thursday before the U. S. Commissioner at Covington, and resulted in Mr. Haggerty's being released on his personal recognizance in the sum of \$100 for his appearance before the next U. S. grand jury. This virtually amounts to an acquittal.

Bridal couples have thronged the national capital in such hordes this spring that the doorkeepers of the White House, whose self-imposed task it is to keep count of the visiting brides, have lost their reckoning. Seventy-five newly wed pairs were counted in a single day recently, and then the doorman gave up the record as hopeless.

Miss Lena Jochum, formerly of Dover, was recently married at the home of her mother near Lexington to Mr. Fred Koplan.

Mr. Edward Schwartz left last night for Wheeling, W. Va., where he goes to accept a position in a tin plate mill. His friends wish him success in his new home.

The cigar makers of Robinson's cigar factory will play a game of base ball tomorrow afternoon in Hunter's bottom with the Senators. Lemonade free. Game called at 2:30 p. m.

The annual convention of the Christian churches, Sunday school and C. W. B. M. of this district, will be held at Augusta next Tuesday, Wednesday and Thursday. Quite a number from Maysville expect to attend.

Gov. Beckham has granted a pardon to Lou Glenn, colored, of Bourbon County, charged with malicious shooting. Glenn is a Democrat, and, when attacked by some Republicans near his home, shot at them. He was given a jail sentence of six months and fined \$100.

The late Thomas O'Regan, of Aberdeen, bequeathed \$500 to the new St. Patrick's Church of Maysville. The Georgetown News-Democrat says the will was not made a year before the death of Mr. O'Regan and under Ohio laws the \$500 can not be made available to the church's uses if the bequest is contested.

Elder William Clark, minister of Orangeburg Christian Church, has been chosen to represent Kentucky University at the Southern Inter-Collegiate Oratorical Contest at Lexington, May 21st. Mr. Clark is from Omaru, New Zealand, and was the university representative at the State contest held in Danville in April. He made a splendid showing at that time.

The Secretary of State of Texas forfeited the charters of 242 domestic oil companies and canceled the permits to do business in Texas of twenty-seven foreign oil companies because of their failure to pay the annual franchise tax due on May 10 last. Among the companies affected is the Kentucky-Tennessee Oil and Gas Company, in which a number of Kentucky capitalists and Governor McMillan are the principal stockholders.

The Dover News this week contains a half-tone cut of the large crowd who attended the Stairs family reunion a few days ago. All present were relatives of Mrs. Stairs except five friends, among the latter being Mr. John W. Bover of this city. Four generations of the Stairs family were represented in the person of Mrs. Mary W. Stairs, her oldest daughter, Mrs. Lon Jordan, of Augusta, her oldest grandchild, Mrs. Stella Shipp, of Fernbank, O., and her oldest great-granddaughter present, Miss Hazel Clift, Addyston, O. Editor Sam Stairs looms up prominently in the handsome crowd.

The Des Moines, Iowa, Capital writes that it frequently indulges in the practice of quoting wise sayings from the editorial page of the Little Schoolmaster for the education of its advertisers. In doing so, the Capital follows the example of some of the best advertising mediums of the country. Advertising is a matter of growth, development, education. There is a whole lot of practical material every week in Printers' Ink which newspapers could profitably use to enlighten their constituency of advertisers and thus gradually gain new business. The Philadelphia Record contains daily some instructive item culled from the Little Schoolmaster and prints it double leaded on its editorial page.

ANOTHER DAMAGE CASE.

George Calvert Files Suit Against Thaddeus P. Bullock For \$12,000 as a Result of Shooting Affray.

Mr. George Calvert filed suit in the Mason Circuit Court this morning against Mr. Thaddeus Bullock for \$12,000 damages. The parties are well-known farmers living in Orangeburg precinct. The trouble originated over a line fence.

The petition alleges that "in June, 1901, defendant wilfully, maliciously, wantonly and unlawfully assault, shoot and wound plaintiff" and that "by reason thereof, the plaintiff suffered great mental anguish and suffering and great physical pain, and serious and permanent impairment and disability, necessitating the loss of much time from his occupation as farmer and the expenditure of much money for medicines and medical attention."

County Attorney Frank P. O'Donnell and Judge Philster are plaintiff's attorneys.

Bridge Again Open to All Travel.

Mr. J. H. Morrison, of the King Bridge Company, examined the damage to city bridge over Limestone Creek this morning and made a sketch of the repairs needed. Mayor Stallcup had already placed proper supports under the broken upright, and Mr. Morrison, acting for the company, gave permission to reopen the bridge to all travel, which was done this morning.

The corn crib of Mr. Charles Collins was tapped Tuesday night and eight sacks of corn carried off.

The reported engagement of Mr. Stanley Anderson to Miss Kendig, of Germantown, seems to be the joke of some friend, as Stanley denies the report.

State Auditor's Agent F. Stanley Watson has filed an agreed settlement with Mrs. Sallie D. Slack, heir-at-law and representative of the estate of Robert Downing, deceased, for back taxes on personalty for years 1889 to 1901, inclusive, the total amounting to \$28,000.

W. T. Carpenter, who some time ago broke his leg while walking across the C. and O. viaduct, has sued Dr. J. D. Davis for \$5,000 damages, alleging that his work in setting the fracture was not properly done. The doctor's friends are confident he will be fully vindicated at the trial.

ROUSING RECEPTION.

Red Men Out in Force Last Evening to Welcome Great Sachem W. C. Pelham.

Great Sachem W. C. Pelham arrived last evening on the 8 o'clock train from Owensboro where the Grand Council of Kentucky, I. O. R. M., this week honored him with the highest office in their gift. He was accompanied by Mr. Henry W. Ray, a member of the State Finance Committee. Mr. Harry Richardson, Wyandotte's representative, stopped off at Covington for a few days visit.

The members of Wyandotte Tribe were out in full force at the C. and O. station to receive the Great Sachem in a fitting manner. All were plentifully supplied with fire works, and the arrival of the train was the signal for the beginning of a brilliant display which closed only when the "Indians" disappeared with the Great Sachem in the wigwam on East Second street.

Editor Davis officiated as spokesman for the Reception Committee, and as the Great Sachem was taken in charge when he left the train the speaker voiced the sincere congratulations of the tribe to Mr. Pelham upon his attaining the high honor accorded him by the Red Men of Kentucky—an honor all felt was most worthily bestowed. All joined in a most cordial welcome to his home city.

Great Sachem Pelham, Past Sachem Ray and the committees then entered the handsomely decorated carriages in waiting and were escorted by members of the tribe and the Haymaker's Band to the wigwam, the trail up Second being marked by a continuous and brilliant display of fire-works.

Winchester will have a street fair next week.

All citizens who have taken membership in the Board of Trade and have not paid for same will please hand \$2 to President Duley or Secretary Curran without delay so the membership tickets can be issued.

The Court of Appeals, in an opinion by Justice O'Rear, affirmed the judgment of the Boyle Circuit Court in the case of the Commonwealth vs. Boyle County Fiscal Court. The Fiscal Court was indicted for allowing the Danville and Perryville turnpike to become a nuisance on account of its bad condition. A demurrer to the indictment was sustained. This the Appellate Court holds proper, the court, and not the members thereof, having been indicted.

Reports to the Grand Council of Red Men at Owensboro this week showed that the various tribes are in good condition and that the Finance Committee, composed of Henry Schweiters and M. G. Harbeson, of Louisville, and Henry W. Ray, of Maysville, made a good showing. The condition of the order throughout the State was shown to be good. Fifty-six tribes were represented at the council by 101 delegates and many visitors. The receipts of the Grand Council the past year were \$28,151 and the expenditures were: For relief, \$5,247; burials, \$1,000, and ordinary expenses, \$17,152.

SHANNON, May 15.—The many friends of Mrs.
Lizzie (Ray) Smith were shocked by the sudden-
ness of her death which occurred Saturday night
at 10 o'clock at her home near here. Her death
was attributed to heart disease. She leaves a
devoted husband and two sons who idolized her;
gentle, loving sisters and brothers, nephew and
nieces which made up the happiness of her life
on earth. The earthly form, pillowed among
flowers, was borne to beautiful Shannon Monday
afternoon where at 2 o'clock funeral services
were conducted by Rev. Howes and then the re-
mains were gently laid to rest.

"One more soul is safely anchored
In the harbor of the blest;
One more home left sad and lonely,
One more body laid to rest.
Wilt thou send a guardian angel
From the great white throne above
Down to heal the broken hearted,
Down to tell them of thy love?
May that angel point us upward,
Through a sea of golden light,
Where we'll see the one we grieve for
Safely at Our Father's right.
Then sad hearts, cease thy weeping,
Trust, O trust, and faint no more,
A little while and you will join her,
On that bright and shining shore."

To put the brake on the wagon going down
the hill is a help to the horse, when the wagon
is heavily loaded. But what driver would think
of applying the brake to a loaded wagon going
up hill? If he did, his sensible horse would
probably balk. Many a man is in the condition
of pulling a load up hill with the brakes set
against him. When his stomach is out of order,
and the allied organs of digestion and nutrition
impaired in their functions, a friction is set up
which has to be overcome in addition to the
performance of daily duties. A foul stomach
makes a foggy brain, and the man with a dis-
ordered stomach has often to grope his way
through the day's business like the man in a
fog. He forgets appointments. Problems seem
presented to his mind "wrong end to." This
condition is entirely remedied by the use of Dr.
Pierce's Golden Medical Discovery. It puts the
stomach and digestion and nutrition system into
a condition of perfect health, and gives a clear
brain, a steady hand and a light step for the
day's duties. When constipation clogs the
channels of the body, Dr. Pierce's Pleasant Pel-
lets will work an effectual cure of that disastrous
disease.

GREAT WESTERN SHOE STORE

Are a great blessing to the people who have to buy Shoes for a large
family and have but little money to spend. A big trade enables us to
sell Shoes for little profit.
